If you would like to have a more detailed account of your policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPPA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understand and agrees to allow this chiropractic office to use their Patient Health Information (PHI) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum need for what the insurance companies require for payment.

The patient may request to know what disclosures have been made and submit in writing any further restrictions on the use of their PHI. Our office is not obligated to agree to those restrictions.
3. A patient's written consent need only be obtained one time for all subsequent care given to the patient in this office,
4. The patient may provide a written request to revoke consent at any time during care. This would not affect the use of those records for the care given prior to the written request to revoke consent but would not apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, the chiropractic physician has the right to refuse to give care.
